

*Dear resident*

Since the change in services on January 25th, the number of Peak Time buses through Skircoat Green has reduced from 6 to 1.

The 531 Service now runs hourly.

The 36 Service became the 31 Service and only runs off peak.

A reliable bus service is important to many residents and the Lib Dem team will make representations to Metro to get a better deal.

Please help us to understand the needs of local bus users by taking a few minutes to complete this survey.

If you were in when we called, please leave this survey sticking out of your letterbox and we will return to collect it shortly. If you miss us then please post to the address on the back page.

Thank you for your time.

Pauline Nash, Stephen Gow and Elisabeth Wilson  
— Your local Lib Dem team.
